ARTIFICIAL TEETH, without clasps, springs
 &c. thereby avoiding injury to the adjoining teeth, on the
 principles of atmospheric pressure, by M. LEVETT, Dentist,
 No. 311 1/2 Broadway, opposite the Masonic Hall.

This method so generally known and approved, needs no
 comment, being wholly different in principle and result from
 any practiced in New York.

His references of the highest order are most ample—the opin-
 ion of the New York public on this improved system, may be
 seen in the following respectable papers.
 Vide New York Mirror, 16th July, 1836.

PARTICULAR NOTICE TO SPORTSMEN—A choice assortment of fine double and single barrel guns, rifles and pistols; also, one splendid English patent made (maker to his Royal Highness the Duke of Essex) five charge repeating fowling piece, with case complete, and finished in a very superior manner, cost 100 guineas; with a general assortment of fancy articles, such as brass sextants, quadrants, spy glasses, accordions, and musical instruments, to be had at great bargains, of **S. M. PIKE,** 34 Bowery, near the Theatre. n25-31aw2m*

TO THE FASHIONABLE COMMUNITY—A CARD.—**F. WALLIS,** having completed the arrangements necessary to the opening of a fashionable Hat Establishment, would inform his friends and the community at large, that he is now prepared to offer for the inspection of those who may honor him with a visit, an article which he fondly hopes will be found suited to their desires.

In appearing before the Fashionable World, to manufacture and provide this most essential article of dress, and to suit it to the various wants and peculiarities of a man of taste, the proprietor is not insensible of the magnitude of the undertaking, but rests with perfect confidence, in the experience he has derived during many years' constant, close and practical application to this most particular branch of the business.

For the information of those who may choose to favor him, the proprietor would state his decided determination to deal strictly on the *Cash Principle.* The facilities of purchasing the material for manufacturing, entirely or as he would leave to the judgement of a discerning public, pressing himself that no pains or expense shall be wanting on his part to secure the approbation of his customers, and engaging to be ever watchful, to anticipate their desires. He would solicit candid, unbiased, inspection of the goods of his production.

An assortment of Canes, Umbrellas, Stocks, Gloves, Brusoes, &c., constantly on hand. n7-3m* **WALLIS, 178 Broadway**
